HP TONER

Color Universal Toner - CP series

New HP Universal Color Toner

The New universal color toners are co-developed by Creative Imaging Technologies and produced by a CITBV qualified manufacturer from Japan. This ensures that all toners are consistent and will meet the required performance parameters. All of the Creative Imaging Technologies toners will meet or exceed the OEM's quality.

Note:

- Unicolor toner is a Chemical Produced Toner (CPT).
- And it fulfills the material requirements of the "Nordic Ecolabelling – Remanufactured OEM Toner Cartridges, Version 5.1" certificate for TVOC (total volatile organic compounds), benzene, styrene, cobalt, nickel and tin-organic compounds
- Toner will work fine on virgin cartridges without replacing other parts. (On engines which are noted in description).
- Toner can also be used on some old HP color engines. HP3500/3600/3700/3800/5500. Some technical process required to make it work, contact support@citbv.com for details.
